Número de interacciones (menciones, favoritos, réplicas, redifusiones, etc.): ResearchGate

The screenshot displays the ResearchGate profile of Rosario Ortega-Ruiz, a Professor and Principal Investigator at the University of Córdoba (Spain). The profile includes a navigation bar with 'Home', 'Questions', and 'Jobs', and a search bar. The main content area shows the user's name, title, and location. A 'Stats' tab is highlighted, showing a 'Research Interest Score' of 9,474, 'Citations' of 12,706, and an 'h-index' of 57. A 'Stats overview' section provides a summary of these metrics: 9,474 Research Interest Score, 493,606 Reads, 12,706 Citations, and 864 Recommendations. A 'Research Interest Score' section features a donut chart showing a score of 9,474, broken down into 57.42% Citations, 2.15% Recommendations, 24.20% Full-text reads, and 16.22% Other reads. A comparison bar indicates that the score is higher than 99% of other members. The 'h-index' section shows a score of 57, with a sub-section for 'h-index (excl. self-citations)' at 56. The 'Top cited research' section lists a paper on 'Definitions of bullying: A comparison of terms used, and age and gender differences, in a fourteen-country international comparison'.

Research Interest Score mide la influencia de un autor a partir de la integración de distintas métricas, tanto tradicionales (citas recibidas) como altmétricas (lecturas y recomendaciones).
